Our *Services*

With our medical billing services, our clients are able to save up to 52% of overall expenses!

Radiology *Expertise*

We understand the different modalities and compliance guidelines to bill and code for radiology services to ensure your practice receives accurate reimbursement for services rendered. Whether it's diagnostic radiology, interventional radiology, nuclear medicine or radiation oncology, our billers and coders are updated and prepared to manage your revenue cycle.

Diagnostic Radiology

Including x-ray, ultrasound, CT scan, MRI, PET scan, etc.

Interventional Radiology

Including fluoroscopy, ultrasound, CT scan, MRI, etc.

Nuclear Medicine

Including PET, SPECT, bone scans, thyroid scans, MUGA scans, etc.

Radiation Oncology

Including ART, chemotherapy, radiation therapy, IGRT, IMRT, etc.

Approach To Reduce *Denials*

Prior Authorization/ Pre-Certification

We ensure that the prior-authorization/pre-certification process is conducted and preauthorization is obtained before services are rendered.

Patient Information

We ensure that that patient identifier information including patient demographic details, insurance details etc. are captured accurately.

Clinical Documentation

We ensure that proper documentation is maintained at the time of claim submission which includes patient medical history, patient physical reports, physician consultation reports, patient discharge summaries, radiology reports and operative report.

Radiology Coding

We ensure that claims are coded to highest level of specificity, modifiers are added wherever required and that we capture the correct number of views before assigning correct code.
